

THE BRAND NEW, FULL SCALE, LONG AWAITED RALLY RACE IS HERE!

The World Rally Championship and Pari-Dakar Rally are replayed realistically based on the updated racing data.

Tracks of danger & beauty! Skid on by the worlds best drivers with your power drift & slide skills.

Can you squeel past the finish line?!

EASY OPERATION

Using the 8-way joystick is similar to operating a steering wheel. The "A" button controls the accelerator. the "B" button controls the brake. It's easy to operate!

WORLD RALLY TOURNAMENT

We've taken five of the most exciting, world famous rally races and replay them on the screen for you. Choose one of six excellent machines and drive through the snow, the desert, the mountains and the street. Enjoy courses of danger and beauty!

PARIS-DAKAR

In addition to the six machines, a truck, a buggy and a bike will be racing to the finish line in this Paris-Dakar rally. By using the Multi-link cable, four people can play simultaneously.

Satisfaction is guaranteed!!

BLASTER LX Good acceleration, steering tough and bad tires. This car has limited durability.
